for the office, treated the canvissa as a solution of the one of 1888, and raised afreely the inser made in the content with the late. Ciprk. They were of a serious character, excited deep feeling, and reduced the content down to Mesers.

commissation of summs has been ween differently from the intention of the autho-should be, I wish to correct that impression is in regard to the closing physics of the ti-paragraph from size and.

ps in regard to the closing phrase of the third paragraph from sie and.

The whole article was harriedly gotten up, and handed into the effice on Tuesday, the 15th, to ensure its learning with other communications. On Thursday, the 17th, I addressed a note to the Editors of Spectator, to erases that portion, which, upon reflection, it thought might be misconstrand. The friend to whose eare my note was seen did not receive it until Monday, the 18th; upon going to the office thee, he found the paper was already in press. I with also to estate dow this, no part of any of those communications was here intended to reflect upon the Brossey of N.C. Kinesy, dee'd. This carpianation is estirely seluntary, as an act of justice due those affected by the misconstroutes.

Re the sales, the Valley of Van Valley of Van Valley of Van

Value of Virginia; o'ey thy breast

And some thy stretching passures rest
Beneath a vell of silver bare

O what rappings, what wilderers of flower and verders, rock and so flow I have waited, longed for this fleis proje than hay Orient dream!

Ascend with use this valvet slope.
With data and clover blossoms construct.
And see the breathing landscape ope.
Its arms to cleap the soulight round.
How soulty rolls, ware after ware,
The atreach of switching halls as ay.

The lands of generous Culture throw A glory o'er these awest domains to tender light the valleys glow With verdore wave the aumby plain with reduce ware the authy plans.
Langue after lengue, the crowded would.
Laft up their cryema is aliminaring green.
Where through the boughs in golden thousand.
The nocoday apleadors tremble in

Watk through these leaf-paved, caken sials How holy, vocall yet how still How well the wild-flower wears its amiles. These branches—how with life they thrill A twib_ht iffle the place more sweet.
Than that which sees the day beam dic.
And half I turn to see the feet.
Of faun or angel twinkle by.

Or nead or segar matter 07.

How grandly tower those mountain we shaper's is every Typine 494.

Still changing as the embosin fishes From moreting of from evening styr.

The church off in or the vault shore,

Their phasions aware the plain belt had break on hillede, and grove Or melt into the mounted glow.

It is irrug things against the vault,
Those inest barriars 113 their heads.
There inghine course the bines terms held;
To drawn the thirsty river head;
There Nature regins against regins and the third of third of the third of third of the third of third of the third of third of the third of third of the third of third of the third of third of

Drincals but is that mean the living green. The sivery Blassandpab shines! And in 14 own but ware it seem. The blue ware of the mountain lines; Naves: 'daughter of the stars,' thy name, triven by a loss and noble rees. Sult rolls along thearch of Fame, And tells the beauty of thy face.

What more could old Areadia boast What richer tint or softer breese! What balmier airs her blosboms toss

And men, the noblest of the mean, Walk, forth beneath these gibries skies; Their proudest virtues here I trace, And here their homes and temples rise; Burg, while the secons come and gp, and kingdoms from the light are burled pose God qurk only to pen and pluugh. The wordrous problem of the world.

Land of they rigin Queen! thy value
Lie bisuniful before my view:
Sweet with the kisses of the gates,
And haptism of the early daw.
Patriots have tred these plains and bills
Whost-manness through dwarf hand are blown,

No Companies.—The Douglas Democrate of Now York had a mossier meeting last Touckey olgit, at which a mossier meeting last Touckey olgit, at which appeals were made by Mr. Coulting, Mr. Richardson, Mr. Foots and others; all mee of mark, and secusioned to lessving and doing at this meeting showed how correct was the declaration of Mr. Richardson, the right-hand man of Mr. Douglas, which was in the declaration of Mr. Bought-from the security of the security of
