INSTRUCTION NEEDED

The tax act passed by Congression of the 17th day of February 18th, entitled an "Act to levy additional taxes for the common defence and support of the Government," provides that a tax of five persent, shall be levied "upon the value of property, real, personal and mixed, of every kind and description not here in the common of the commo

section of his instructions reads as lows:
"All property, currency, credits, income
and profits and every article or object
subjected to taxation shall be estimated, valued and assessed at the value
thereof at the time of assessment, in
Confederate Tressury notes."
The people would like the instructions to be somewhat more explicit.—
They understand the tax act, but don't
think the 18th section of instructions to
be consistent with the tax act.

## consistent with the tax act.

It will be seen by reference to the advertisement of Capt. Avis, Provert Marshal of this place, that he is desirous of receiving recruits between the ages of 45 and 50. Those between thesa ages liable to military service would do well to apply at once, as by being men hers of the Provost Guard they would be kept near home where they could be to the interests and welfare of their families, and have an opportunity to give some supervision to their farming operations.

#### FUNDING.

Those blessed or cursed with funds have been rapidly funding during the past week. Up to Saturday hast, the Depositary at this place had received fifteen hundred thousand dollars (\$1,300.00). The funding tide is just now at its flood, and as much more will be funded before the ebb will occur.

Those who need 4 per cent bends or had money should lose no time.

Gen'l McClellan's LOSS
Gen'l McClellan's official statement of the Yankee loss in the battles around Richmeed from the 26th of June to the lat of July, 1869, inclusive, was as follows:

Kifed 4,532 wounded 7,700, missing, 5,958 aggregates.

As all of our readers will have taxes to pay, they will be interested in the instructions of the Commissioner of taxes to the Collectors and Assessors of Confederate taxes published on the first page of this paper.

Yanker Prisoners,—The Rockingham Register says that thirteen Yankee
prisoners were committed to the guardhouse in Harrisonburg, on Thursday
evening week. They came up the Valley,
and were a lot of New York cavalry
captured at Snickersville, in Loudon
county on Saturday week. The capture
was made by a portion of the Clarke cavalry at home on furlough in connection
with a couple of Mosby's men. We
had 21 men, and the Yankees 21. We
killed 4, wounded 4, and brought off the
13 unhurt prisonersr, with their horses
and fixments. We had one man killed,
and one wounded. The Clarke cavalry
at home on furlough "picked up" these
Yankees by way of keeping their hands

Under date of March the 14th, Lincoln made a call for 900,0% men, in addition to the 500,000 called for Feb. 1st, 1864. Glendower is still "calling spirite from the vasty deep." "The more the merrior." Nobody in the South is alarmed. Lincoln is still calling for help. He needs more than will be granted.

Gen. Wool has published in one of the Albany papers his plan of subjuga-ting the South. He would have two hundred and fifty thousand men under Genr. Grant, and as many more under Gen. Meade, moving upon the enemy Gen. Meade, moving upon the en-at once and with irresistible power.
