in Hills, or may d—d. Fund's life that crossed he path." I said he had not right here— that it had been been as the life of the beauty had been as the life of the beauty, and he will be the service of the second special properties. I have been a second of the country, and he had not read that he was the he will be seen as the head of the head of the beauty, and he had been a second of the country, and he had head to he was the head of the didn't have meen her than he was the head of the didn't have meen her than he was the head point and — had head to he had head to he had head to he had head to he was the head point and — had head to he was the head point and — had head to he was the head point and — had head to he was the head point and — had head to he will, by ti—d. I then meats to torn and on my way bork, called a thought of the third head of the head head to he had head to he had head to he had head to he was the head point and — had head to he was the head point and — had head to he was the head point and — had head to he was the head point and — had head to he will, by ti—d. I then meats to torn and on my way bork, called a thought of the head of the head

photo down! Sure works before, but had sold it.

M. Boner, Eng., event : Due of Yeste project in the one Printy ordering to make seen jimited to the one Printy ordering to make seen jimite against the 10-bits, so order, was not media.

John Weedons, affered: Thomas was in our shop a day or two after the outpurface. He said has tell on the work of the printy before the after the outpurface. It said he had a tiones thrown, but a sold not tell on the work of the parties harly; he sould he did not know any person with had thrown this stems the stems.

hrome timesees of was in the ship. Working Keefer, second 1 was in the ship. Woolans asked Turn who threw the stones of the second three the stones of the second three three

wealth."

George Carbaugh, sworm. On haturday even ing Thomas said he had run away the whole croud of Funks; and he had pickel up two
