The Danger-The Bemedy

Never before in the history of the cour try has so gluomy a prospect presented that itself to the mind of a true lover of try, his country. Madoess and fanaticism has rule the hour. The great chart of our less itself to the mind of a true loves of try. The baneful spirit of Abolitionism his country. Modores and families in his book let love upon the land, and unrules the hour. The great chart of our less rembed by the nightly power of the liberties and bond of our Union—the Con-Democracy at the polit, will most nevi station—issualled from withhand with table providers the light and out, and all those inertiamble rights and, the white must be a vain group to ofsprilicipes which have been the probe and value the black. Democrats, we warn you boast of American citizens for easily a lot be riginat and active. Your country portury are in disperced below the more than a country or the property are in disperced below the more than the country of the property are in disperced below the more than the property are in disperced below when the more property are in the country of the property are in disperced below were the more than the property are in the country of the property of the property are in the pr century are in danger of being swepta way needs pure review. Upon you depends perhaps fearers. Whilst the Constitution, the safety of our beloved country. Alemands by the wiedom of our fathers, is atmade by the wisdom of our fathers, i.e.t. Illionism threatens the overshows of the tacked by armed traiters in the South Constitution, the disreption of the Union and a hold streep made to overstorn the and the elevation of through to han equal Government, the fanatical and try nasical ity with the white man. This is not only teachings of abolitionism are supplying the a content for circl and optical rights but evy foundation of liberty and undermit—also to canismts the occal and political that same Constitution to the house improvement of the above the constitution to the house increment of the above the constitution to the house increment of the above the constitution to the house increment of the above the constitution of the house increment of the above the constitution of the house increment of the above the constitution of the c

Framen of Pennsylvania, you who till cling to the old landsnarks of the on and reperate the teachings of the sages and statesmen of the past on the alters of whose hearts still b upon the attars of whose hearts sun out-the firms of liberty that were kindled by the heroes and patricts of 76, a double duty now rests upon you. In addition to giving your brothers and your sons to the battles of the country, and pour out, if need he, your own hearts-bleed trash out this infernal Southern rebelion, you will have to meet at the ballot her, the memies of the Constitution sech and the press we my you have to meet there exemine at the hox and srush them there or Consti-al liberty on this continuent is for-

s is between the old Union o Ann some is noticed the old Union of Washington and Joy, of Franklin and Medicon, and a new Union, with a con-stituted, control, military gence, sinches the amplem of Walls, Storens, Sammer, Strony & Co. Chouse, in Storens days.

The We Party Meeting.
As we were possing saar the Court.
House, on hast Saturday resing, we were
strated by the long continued ringing
of the bell, and the melodious strains of
Ditain bloom out from the Horna of the
Chambersharg Brass Band. On inquiry as to the consists of so much main,
we learned that our no party friends were
having a good time, lineating to one of

ery foundation of liberty and undermain also to maintain the secure has positive and the base is presented to the white race over the safety rectorded friends. The tendency black. Let not therefore the excitement of the part of things in its most alarming. The tendency the rection from the importance of the approach of the part suspension of the "illy the military pure the properties of the continue of th

How shall I Vote at the Enrying Risction-

This is a question which must com

es to all of The who contemplates the subject matter by will be forced to set bimself. "How had I best vote? Was the Union "How ha" a next rose: Was the Union in better hand? while centrolled by the Democracy, than it is at present? Was the old Luion the best that could be lad, or will a new one be better? Are those in power new more coorserved than the Demogracy? Is the constry in as prosperous condition? Under which Administration and its construction and its construction of the construction of th perous condition? Under which Admin-istration was it much prospenses? Pythic party can make the country much happy, prospenses, and united as one pargle?— Shall I rote with this party which favore Abelition and the freeing of all the na-gross, and the changing of the Constitu-tion, or for the ashes unavailable frames his gross, and the changing of the Constitu-tion, or for the other party which favors the old Union, the Constitution, and the re-toration of things as they sees? Am I for the re-decision of Republican rulers, or the election of new com, such as my father lived under and supported. We have no four of the rundle, if

We have no feer of the results, if or-ory men thinks and is allowed to work his true continuous. Heavy me is to be his own judge in this matter, and should went that timbet which he may think will con-duce most toward his country's happings.

The Democratic and cor and of the local Blates have been force
