's feared for our failing mother, Eat-hing her closely the while r wondered to see her sad, pain laight up with a domain smile. "It to stronge," she said, "that I'm Ah, you see not what I see! My hoy's coming house from buile, My son's coming house to me!

of see the mails of his childheed. The light to his laughing eye. He had a coming home to mother, if he only come to die."

Hark; the sound of wheels and of it. They hall at our gurden gale; God grant it is our brother. That he commerce is be ten late.

I'p rise our trembling mother, The coming steps to greet, Four non walk in with their bords And laid it at her free.

Threw you were coming, durling, We will never be parted more!" and mether and our together. Lay dead upon the foor.

THE SACIES'S SUBSTITUTE

'Act as my representative in all re spects. I delegate you full and entire

That was what Jack Clereaut had to light bis eight from the tip of min-Of course, I undertook the responsi-bilities very good humoredly: for though I had never been in love mythat it was my duty to afford every possible facility to a young man who was going to visit his sweetheart and far the welding day. So I turned with a sigh of resigna-

tion away from the fresh, exhilerating air to the close little den which Jack ! negominated his office. On the whole rather as if I were an amiabl eacrifice on the altar of disinterested friendship. So all day long I sat there personating Jack to my own unbounded admiration

Squire Clerment in?' demar red-headed rustic, in a blue coat docorated with brass buttons, who made 'Yes; what's wanting !

Well, sir, answered the rustic, awkwardly twirling his bat around, 'we'd tike to have you come up to Shine-ville, next week, and deliver a feeture for our Young Men's Association;

Twenty-five dollars, and expense paid,' remarked I, at a venture, with rof such exquisite assurance that the negetiator was completely at my merca

Very well, sir. The secretary or the association will forward you a regular invitation, and-

Good day, sir,' I said briskly rubbing my hands so another individual came in and he edged out.

'Jack can't complain at this way of transacting business," was my inter-cal reflection, while my last visitor was having and kemming preparato-ry to introducing his business.

Ton are Mr. Clermont, sir, I s'pose?

What is your business with me, my

friend? said I, amiably.
Well, I am real glad I've catched you at home for once, was the ans wer, with fiendish satisfaction. 'I'd be very much obleged if you'd pay this ere little bill."

Ht handed to me a crumpled picco of paper—a bill for something or oth-er, I fidn't knower care what, except that the sure total was twenty dollar which I paid with my exultation con-siderably taxed down. Why couldn't I have mid that I wasn't Jack and

My most interesting adventure was just so happen. Just I was beginning so yawn, and contemplate the propri-cty of sharting the office up for the day, and just as the brightness of a glorious spring sunset was streaming

sequently, it took me several seconds welcome the noisy entra requestry, is 100d me neveral seconds to recover, as it week, mental seconds for their time. Then I became up and palled by offered her the finity claim is the office, while I seating myself of the woodshoot.

Mr. Clermont? she asked, softly-I noticed, even through all my pertur-

ou, mediano.

Who would have supposed it? The voung wood-nymph didn't want a dicoree from her husband (that is taking it for granted she had happen to have such an appointage; nor did you'd make a fine law; er, Campford ire to quarrel with her neigh bor's boundary fence, nor the stray cattle who had depredated in the corn fields. Not at all -she merely want ed a certificate to teach a district a lood, and the other truster had sent er to Mr Clermont to be examined

Here was a pretty kertle of fish for a bashfid young man, who was sailing under false colors. How was I to know whether she was qualified to be a school toacher or not? And kow was I to get out of this embarrasong business unless by running away, and i full nowers?"

the back door into the woods

Never 2 quoth I to myself. I'll die
at Ley post somer, even if forty thousand school teachers come after cer- girl. Lifeates.

Sir. faltered the young lady What is your name, ma'am? I de-manded, in a business-like manner. drawing a sheet of paper towards no and dipping my pen in the inkstand. Jessie Gray, sir.'

I knew I couldn't stand the and half-mischievious twinkle of those brown eyes if I looked at her too of ten; so I went on Bridy-

How old are you?' Bighteen, this month.'

I wrote it down and hesitated a min-What next to ask her I had no you

What do you know?' I asked. the fair candidate denure. (Contound were delayed from date to disher why they these women—how quickly they disthat it was well into April before I cover when you are at a disadvantage, strode up the walk leading to the door. I can sew, and knit, and mend stocks for Mrs. Gray's cottage, one golden ings, and make pies, and-

the stern query I mean, what are your educational lations qualifications?

Jessie looked at me like a startled bird, the mouth beginning, and the habird, the month beginning and the ma-zel orbs to melt and swim. I needed delight, and helt out her band. I in needsly on the wood-hox, and two or three knotty june logs rolled down sround my sakles. Come: now, don't be frightened. I

expostulated, rubbing my bruised ex-tremities. "Don't, please. All I want to know is, can you say the multiplication table, and cast up interest, and all that cort of thing?"

'Yes, sir.' faltered Jessie Let me see-which school is it you wish to teach? said I, half aloud, pretending to forget what I had never

'At Eim Grove, sir,' said Jessie meckiy

'Elm Grove' Why, my child, there are scholars there twice your age and size, and as unruly as aboriginal savegos! Have you daly considered the consequences of the step you are about take?

I have, sir, she answered, the long wet lashes sweeping her flushed cheef but I am very poor, and it is necessar ry for me to earn my daily bread."

I sat my toeth firmly together at the idea of that delicate young creature in the tumble-down hovel at Ele-Grove, in company with slog-care spelling-broks and dinner-hankets.

welcome the mortification.

Well, my day, what lark has you is a large group, office, tooling? In also large groups in freed rappy of logs. The instance three knowledges of the morane three knowledges where also had just est—the consistence among?

I informed him briefly of my pro dings, laying particular strong on the lecture sugagement, and sinc-ring over the affair of the bill, for ch I had a receipt in fall

All right, asid Jack, in his merry jorial voice, that sounded like a cheer ful gale of wind in a forest. Why Her you have not told me also pretty girl who was coming out BS I drove up-what did she want? Use as I drove up-what did she want? Use teach school up in Elm Grove. I say Jack, this school teaching femrels must be traced to be a school up in Elm Grove. I say I sak this school teaching femrels must a rather deheats piece of business with you.

Not generally, said Jack Bus what did you do? Give her a certificute?

'No,' said I, thoughtfully Why not? Indo't I invest you with

from the wood box, and at retching my six feet of Lumanity to their altitude because Jack. I mean to marry that

Campford, are you insan-

But you never saw her before Well, what then? She suits me exactly, I never know what sort of a wife I wanted, and now I am fully convinced? But, suppose she won't have

She will, or I'll know the reason

Chermont burst into a laugh.
Well, Campford, all I have to say is, go ahead, and may Cupid speed

nore also that the tongs in the corner. I wished Jack would come bone
and cate bite. his own browneyed
a hold teacher—no. Highly teacher
What do you know?! Let W pertainly be ready at a certain date. Then I found it necessary to call sevings, and make pier, and—

I tried vory hard to frown, magistorially, as I saw the reguish dimples | par hunest under my gram. Of conveypis-jong around her resoluid mouth, Jossic had long since discovered that
and interrupted her catalogue with I was not the trustee, but it did not materially affect our friendly re-

> Well. Miss Jessie here is the certif eate?

She uttered a little exclamation o

coup d'etat. I wouldn't avail myself of it Mi-I believe you can do better

Marry me !

Do you ask what answer wa I have no very distinct recollection of the precise words. I can only remember a senset more goldenly radiant by far than I had ever seen—the faint odor of spring bent down to catch the low whiener of the fair lips that were kidden against my beating heart. I think. however, the general purpors was favorable, for Mrs. Campford—th pretty weman yonder who is wender ing why I don't come to breakfast-has never regretted she did not take charge of that school at Elm Grove

It is related of a Parisian portrait painter, that having recently painted the portrait of a lady, a critic who had just dropped in to see what was going ou in the studio, exclaimedday, and just as the brightness or a glorical spring genest was streaming in through the deary parse of glorical spring genest was streaming to though the deary parse of glorical spring genest was the streaming of the dear of the dear

April 14 W. N. DIAME DATE

PAINTER AT ABOUT 10 POR BALO

Many methods are recommended N 0 T 1 0 B 1 for setting fance poots, but in cases where stephene and darability are specially desirable, I know of more superior is the fact. superior to the following: Having selected your posts, remove the bark from the lower sads and chart them; from the fower sude and char them; then finish the whole as you prefer to have them appear when set. The holes for their reception, for an ordi-nary farm fence, should never be less. eighteen inches in diames two feet nine trebse deep, nor should any diminution of the size of the post beneath the soil. The large or the posts are in that part the more firmly will they see. To supply the material for filling in, take common has, one part, polyerized charcoal one sart, house subes one part, and coarse gragel six parts; slake the lime with water in which half a bushulof sait to one harrel of the former has been dia-solved, and mix the materials intimutely till the mass is of the consist oney of mortar, then throw in a few shovels full to constitute a bedding. Dersons wishing to hav Tobacco and
Sours, either wholmshow retail, will find a
later stock and shoins branch at Galwick's cheep and having set the post in the requir

ed position, commence filling in.

Where the fence is to be ornamental or very strongard high, and where ewaying from the effect of powerful winds, or other causes, is to be guard-ed against, the introduction of small stones before the cament hardens, will be found very desirable. These should be threwn in as the process of filling proceeds, and rammed down to introduce the solidity of the mass.

This content is one of the most antiexpire mixtures known when applied

Green mixtures known when applied wood beneath the soil. It hardens to the solidity of the firmest granite, and will neither break nor crack. In and well desired oreas non-reset. In finishing off the filling in, care should be taken to give a slight elevation to the mass immediately in contact with the post rising some four or five inchthe post rising some jour or nice inco-os in the form of a pyramid, to pre-vent the water standing upon it.— Posts inserted in this way siways ren an erect position, and endure for -A Maine Farmer, in Ger. Tele

Exer Good Cows.—Our farmers keep to many poor cows. It come no more to keep a cow that will average nine or ten quarts of milk per day than it does to keep one that will avorage only six or seven. The difference of the between these two products will morent to a bandome sum anneally. Now, when beef is so high, it seems a good time for our readers to sell off their poor cows and fill their places with better milkers. They may rest asserted that the tracecommy consists in keening only good cows, as three, in keening only good cows, as three, orage only six or seven. The differ in keeping only good cows as these will soon pay their extra first cost, and ever after prove a better invest

CATTLE IN THE HIGHWAY .-- A COPrespondent writes to the American Agriculturist: "When the subject of excluding stock from pasturing in the streets mass up for discussion in our Parmer's Club, it was claimed by contain tresponers that the readway be-longs to the town or county, and that therefore all the inhabitants have a right to feed their cattle in them. But t was shrewdly replied to this, that fee, then the town or county must nake half the fences on the lines, and the people must be projectually taxed the people must be projectually taxed for the jurpose. At this, the tre-passers and their friends shrugged their shoulders. Moreover, the chair-sha, being well reseed in the law, rose up and said. The common law of En-gand (which is also our law) settles this matter very justly and plainty, when it says: The king himself has no right to the himself. pusposition traval and repairs; also, the charties strike and stores, except inch as fert added for repairs, with all other in the pusposition, which is for all the pusposition and the gream, belong to a family along the manager made for the contract.
