Union Meeting in Richmond.

a wese too jestees of these. The reads of the properties of the section of the control of the section field the presipations to a present of the section of the control of the section of the section of the control of the section of the section of the control of the control of the section of the control of the control of the section of the control of

Peblic Accounts reported that the hendred of lazation, which is forty clients on the hendred dollars value of property, would yield a surples of \$335,854.67 per annum, which, if applied to the temporary debt created for the defense of the Stata, would, in less than five years, discharge it. This estimate of that officer was made upon the supposition that the annual in made upon the supposition that the annual in the value of property, as a beste and despectly, on their part, on their part, to meet and discharge it. the cuts, would, in the catinate of that officer was made upon the exposition that the anunal increase in the value of property, as a basis and subject of transition, would, during that period, equal the temporary decrease caused by our national difficulties. But the agitation of the questions of the analysis anaparatants in which

has had the effect to decrease the value of property, and to increase the expenses of the State to such as extent, that the same efflow reported on the 22nd of March that the rate of taxation should be increased the precent year to a sum at least equal to stely cents on every hundred dollars value of property, and on every other subject in the same proportion. This is an increase of Afty per cent, is our taxation. The people may well figroup, group, onean, when they reflect that their taxes are to be increased Afty per cent, whilst their ability to pay has been diminished to even a greater degree. They will not have as much money to pay with, and will three Afty per cent, more to pay. When the people estimate what they have lost by the de-

A correspondent of the Ettenmond Disputers writing from Violksburg, Mississippl, with the view of convincing the people of this State that the taxation of Mississippl is not at all oppressive says that the taxation in that State does saks, "what can Virginia say to this?"
Virginia can say that the taration in Missle alppi is 150 per cent incre-them it is here at this time, and 66 2.8 per cent more than it will; be here after the tarse have been increased #fty per cent, as they soon will be, if the recommendation of the Auditor be complied with.

The first may of a Disconlist, my a milk the first and several may be accorded to the second of the control of the second of the second of the control of the second of the Convention, "both theirs of the second
