Vall Wheat

Mr. William Cline, of Southempton township left at the pirit offic, on-Saturday last, a number of stalks of wheat measuring over six feet in length, with heads large in proportion and all well filled. Those stalks were taken hap-heased from a field of forty acres of the same quality of wheat.

The Fearth.

From present indications the Anniversary of our Independence will have stated and unprofitable. There are no arrangements "made or provided" for agencial celebration, or public demonstration of any sort. Our military are absent, our freemen spiritous and our Simpley acheal rise mines associated. are assent, our firemen spiritioss and our Sunday school pie nies successive to the war passio. It is left for each individual then to celebrate the day on his "own hook" and as best suits his own inclinations.

We have conversed with persons from all parts of the county and all concur. in saying that the yield of wheat this season will be vastly larger yield of wheat this season will be vastly larger than ever before known in these parts. The quality also promises to be as good as the quantity. Much of the crop will be harvested this week in good condition and unequaled about dance. This is encouraging to our farmers but will be rather a damper than the property of the prop to the speculators in high prices.
