tige Agen.—Mr. Mr. Mann, is our authorisal problem pour in this past adjusting security, to layer habseriptings. Advantage and Job Work Yatter Brane. He passion all in daily admiratelynt by un

One of the greatest buttles of the ser was fought on last Thursday and This, beyond the Rapidan in Vir. in, between the armies of General ant and Gen. Lee. We give the detalls showhere in to-day's paper as far as they have been received up to the signs of going to press. According to the accounts the attack was comagain a going of press. According to the according to the commenced on Thursday by thesenal line, with a viru or pleesing the centre of Genetic lines, but the Army of the Fotunae bravely malatized its position against the furious amounts of the rebounce bravely malatized its position against the furious amounts of the rebounce bravely maintained against R. The fight was resumed on Friday and rauged with a sparallelief fary all day. The canany was repulsed at all fight The closus on both sides are approach to be heavy. This battle, though a great success for our army, is not, at this writing, considered desires. More have fighting will doubt-live. More have fighting will doubtive. More hard fighting will doubtmand is taken or Lee's army driven sut of Virginia. The latest news in-

The news from other fields of operations looks equally hopeful. Butler is reported to be in the vicinity of Richmond, and may render valuable service in the final assault on the The reports from the Southwest are mengre, but enough is known to indicate that Sherman is moving. Banks is reported safe, and may shortly again resonne the offer-nive. It is literally thundering all around the sky, and everything once more points to the downfall of the re-bollion. Heaven speed the consum-

an Monday morning, and at noon ha

this apportionment bill can be mean this apports one at the can be beard. The party now dominant at Servisburg seems to have ignored mything like fairness and sought, not the good of the Commonwealth, but the future success of their party early the feture success of their party gives if to stain that and, they dis-franchised a large portion of the peo-ple by districting the State in such a securior as to defeat the will of a ma-lerity of the voters. Throughest the whole arrangement of the districts, ratie majorities have disfranchised stand out in bold and it seems strange that any so lost to arry conto are second so lost to be requirements of simple justice, as a have spawaed such as inflamous Gerry intander" as this into existence. The desire of the Abelitionists to repetuate their power by this infa-

act will fail, as all such attempts e fished hereofers. The people meally revolt at such grees injus-t, and we feel americal, that the ty perpetrating this fraud will soon be left in the mindefly in

will be seen that Franklin and & d. composes Senatorial district, and y and Franklin a Representative t with two mambars. We have

gaser points to the downfall of the re-ballon. Heaves speed the consums-tion.

The definite scorptance by Maximi-ton appearance main.

The hill apportioning the State in-different magnitude is feed to the first magnitude is feed to the first before a law. Many insplices acts of legislation have of hate years dis-greed the statutes of the State, but you can be successed to the first magnitude in a possible relative to the first magnitude is a present the state of the first magnitude in a possible state of the first magnitude is a present the state of the first magnitude in the state of the first magnitude is a magnitude in the state of the first magnitude i this country on a leave of sheepes ostentibly for the benefit of his bealth The graviting of this leave of absence, whose acceptance is to coincide with the arrival of Maximilian in the west-ern hemisphere, is a stroke of diploorn nemspace, is a stroke or diplo-matic canning which evinces mere-than Mr. Seward's neual foresight— It is an adroit means of postponing the inevitable question of the recog-nition of the new empire. It is, how-cur, the device of a diplomatic newcver, the service of a triplomatic sew, and who qualis before the formidable potentiate whose bayonets guard the infant threes. Mr. Lincoln's pasillanimons government does not dure to face the questions as it presents itself, and decide it in accordance.

the councy; to do elithops and fire-section, of it singulated its langualty to firemen, the conjuncture which had artenn, it is prove the supplient of the designation of absorber (richal-may be: findulately prolonged) as a major for the superiority of the That the temperiority organism to knally to resure in a recognition we have no doubt whatever. It ill is,

have as dealed quickness. It ill in-credible that the jumilianismity which has an long trackled to the impurer Hapshess will "drug up dreumed hones by the londer "mean his work is nonsumated. The imbeness might andly have been sipped in the bad in 1801, whom Mr. Chevrin was triging upon the government the vital in-portance of presenting the satisfaction of his treaty for adding. Mexico with a modernic long, on ample security. But a feeble administration dured her three the desired property of the satisfaction that the property of the satisfaction of the pro-But a feeble administration dured jois heave the displeasance of the Franch Emperor. The project might again have been resisted, with a full chance of success, when England, and Spain broke with France, and descried the alliance. The designs of Lenis Manistration of the control of the contr pelson were then fully disclosed, and the revolt against the atrocity which was evidenced by the desertion of his allies, would, at that time, have rein-forced our government by the mocal support or the civilined world, had it then risen to the height of the unigeney, and made a vigorous undest where There is a tide in the affair of nations which, taken at the flood bears them with little effort to the fulfilment of their wishes, but which strands them upon shifting quick-ands if they neglect the opportunity. The rupture between France and her allies was precisely such a moment. An energetic protest, backed by cour-access soils and all the second sections. An energetic protest, backed by cour-ageous action, would then have prov-ed probably sufficient. The Musican people, not then defeated, not then dispirited, with the national patriot-ism incensed and wrought up to the highest pitch of determined resistance stand against the invadors of their country. That great advantage is now forever lost by the complete sucsupport of the world (and of a strong party in France itself) has likewise floated down the tide of time to re-Hosted down the tide of time to ra-turn no more, a. There is a reason to believe that all the great powers now regard the Meximal empire as an no-complished fact, and they will open diplomatic relations with it without any considerable delay. It is incon-ceivable that an administration which forbers to use these great advantages an administration, whose feebleness and simility assisting blowed them to

an administration whose feebleness and similarly saids allowed them all posts of its in a limit in the limit in limit in the limit in limit car, the shrice of a tipionatic saw that the strong is aligned in the strong of the present and the potanical whose beyones grand the potanical whose beyones grand the potanical whose beyones grand the in infant threes. If I. Lincoln's panil balliones of Represent grand the infant threes. If I. Lincoln's panil balliones of Represent grand the infant threes. If I.
