The Twe Emperors.

Louis Napoleon, is an address to "the Great faith of the South, and driven by the ultraises of South tints the ranks of the Black Rech meas we should be glad to see key will be if the Opposition or seek. And not only would we seek the South the world the causes which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the cause which indeed them respectively to the world the world was compared notes at that for the port of the should keep and a straid the server of the counts of the state of affairs are ladder and conting to the rescue of the counts of the state of affairs are ladder and so together for the olse constry and the perpetaity of the conservative Opposition, and coadition, but by the common all feads and act together for the olse constry and the perpetaity of the fort of the Opposition in the state of the country, as in a first the conservative of the country, as in the reserve. The Emperor of Austria declares that for the Opposition in the state of the country, as in the reserve that the sear of Austria declares that the case of the country, as in the state of the country as in the state of

The Baltimore American concludes an article on the late artistic deal between two gentlemen of this festra, as follows:

"Bell preservation is an instinct, and all that a man that will be gire for his life. On this state will be gire for his life. On this state will be gire for his life. On this state of the late of

The Philadelphia Bulletin allodes to the bickerings of the New York newspapers, and says:

"The daily papers of Philadelphia might be
hunted through for a year, and there would not
be feand in them so much of temper and parentality as may be found in the New York of the
paper in a single week.

Expectably the papers of Philadelphia parentality as may be found in the New York of the
paper in a single week.

Expectably the papers of the papers of the pathol despite the professional quartele of
this, as personalities and abuse. Especially do
the public despites the professional quartele of
journalists, which, let them spring from what
they may, are sure to be attributed—and often
rightly—io justousy. All the abuse that a paper may indelage itself in will never make the
ophile think well of it, or worse of the object
of it."

comes year effect year, while they adding bond to beed and acre to too's claim to a support is not rity, as many persons seem (Couton House, one day a few weeks age, was nity, as many persons seem to alm for services readered, which setly repudiated any more than the laborer is worthy of his this as in other departments of this year, is \$71,763,985,—spawards of forty-this as in other departments of millions more than last year, and five millions aband of at the last year, and five

State Elections.

Emprocat. — Magoffin, Democrat, has been elected Governor by about five thousand majority. The Democrats have also a majority in the State Legislature, and seven of the tea mem.

Series and the season of the s

condition to her taking part is the County and Congress.

It was reported that Count Welewish had solumitted a plan for the confederation of Italy. It consists of seven States, the Presidency of which is to be given normally to the Pops, but really to the Kings of Sardinfa and Naples alsormately. The atrung places to be garrisoned by the Federal troops are tests, Masina and Phaonna. The votes in the Federal Diet are to be distributed as follows:—Parina 1; Modena to be distributed as follows:—Parina 1; Modena Congress of Sardinia S, and Naples and Congress of Sardinia S, and Naples and Congress of Sardinia S, and Naples S. Sardinia S, and Naples S.

proposed to arm four thousand Austrian troops to enable him to enter his States. It was slive or concored that a division of the Fresch army would enter Parms and Tuscany, and another corps the Rounal legations for the purpose of simply preserving order and allowing a free extension of the purpose of simply preserving order and allowing a free extension of the purpose of simply preserving order and allowing a free extension of the purpose of the purpos

"I am very borry to near unit mere a say of a carion for a popular demonstration to sphold ar-institution so ancient, so accred, so Iswful, and no necessary to the peace, the comion's, and the respectability of society. Its religious character as a boly day, ought alone to be sufficient for its protection in a Christian community; both has failing, sarely the laws of the land, made for its secontry, ought to be as strictly enforced as the laws made for the protection of persons and property. Vice and orime are always progres-sive and cumulative. If the Sunday laws be neglected or despised the laws of persons and property will soon share their fate, and be o-qually disregarded. Most respectfully,

places east large delegations.

It is stated that there are forty-six persons in England who have incomes of \$480,000 a year, equal to two millions and a quarter dollars, while four hundred and forty-nor persons have incomes ranging from fifty to two hundred and fifty thousand dollars a year, and sight hundred and eleven from tensor—fer to fifty thousand.—In freiand there is but one person who has, an income of upwards of two hundred and fifty thousand dollars, and twenty-one have incomes from fifty thousand to two hundred and fifty thousand dollars, and twenty-one have incomes from fifty thousand to two hundred and fifty thousand dollars, and twenty-one have incomes from fifty thousand to two hundred and fifty thousand dollars.
