The Bindicator.

of promptly trees May 1st 1863.

Great eyents line probably ocurred within the past week. We have much mellanik Naws from our armies, but yet we are, as we certainly were intended to be, so far from having centrally designed. and or leve computate, that we would not if we would pushis intelligence of their movements which typositifity could be dumping to them were it known to all kincoludou.

Mopribateating the cylindry by highly commended retirement of our Generals, includent, facts and results will come known and from them wild these course known and from them wild these

present repulse and deleted of the mag-armies such to exceed and annihilate them.

Trusting in God, the justice of our finne and the clearhead and mighty will offer Johnston, we not only hope for hirtzeper, shortly to thear of FACTS and EXELUTE from the West, which
